## The Concept:

Breathtaking sunsets  
The luxury Santorini villa, Oblivion, will be your private paradise for the summer! Located in Pyrgos Kallistis, right in the middle of the island, it offers the chance to be wherever you want to in no time! Oblivion is a family heritage renovation of ingenious design; the original structure was built as a lime kiln, that has been resorted and incorporated into the unique design of the stunning villa you see today. The views from the villa terrace down to the sea and the village of Kamari, and the mountain of Profitis Ilias rising to the side are peaceful and secluded, away from the crowds of the caldera. It is perfect for 3 couples who want to relive their honeymoon!

## Outdoor Ambience

The outdoor areas feature a private infinity pool, full sea views, a separate stone built outdoor Jacuzzi, a shaded lounge area under a pergola and sun beds. The enormous terrace has outdoor lighting for moonlight dinners and breakfast is served to you at a big wooden table under the shade. There is even a roof terrace for your morning yoga to salute the sunrise.

## Indoor Ambience

The villa was designed with Cycladic architecture using eco-friendly materials. The cylindrical kiln is the living and kitchen space, with a shaded skylight to flood the room with light. The villa is designed so that each room has the same exceptional views. The villa features 1 large bay-windowed master bedroom with en-suite walk-in shower, a fully-equipped kitchen with all modern appliances, a large living room with a marble and glass design dining table, SAT TV, comfortable armchairs and a mural sofa. Attached to the main house with its own separate entrance is the second bedroom suite with en-suite walk-in shower and sea views. On a raised level above the pool is a separate living suite.

## The story behind

Before Oblivion came to life, the property was used to stage two old kilns. Then it was rebuilt with ecofriendly materials and Cycladic elements, keeping at the same time some patterns of the old design. The big kiln is the kitchen and the living room, while the small kiln is one of the bathrooms.

## Good to know

Oblivion is centrally located so you be wherever you want to in no time, and the villa comes with a complimentary hire car, so you can explore. Also, the villa has direct car access, there are no steps up or down to the villa and there is private off-road parking. Oblivion is in the middle of the island, Kamari beach is with black volcanic sand, water sports and waterside taverns is 4 km away, and the boutique village of Oia is only 14 km.
